General Products

Filter Media – Pads / Rolls
Panel Filters
Pleated Filters
Pocket Filters
Rigid Box Filters
V-Bank Mini-Pleated Filters
HEPA / ULPA Filters

Specialty Products

Holding Frames
Housings
Auto Rolls
Liquid Bags / Cartridges
Carbon Filters
Gaseous / Odor Control Filters
Pan Cleaners
Dust / Fume Cartridges & Bags
Oil Mist Cleaners
Replacement Parts

Medical / Pharmaceuticals

Pleated Prefilters
Secondary Box / Bag / V-Bank Filters
HEPA / ULPA Filters
Cleanroom Panels

Gas Turbine Products

Heavy Duty Pleated Prefilters
Gas Turbine Cartridges
Extended Surface Prefilters
Supported Stiff Pocket Filters
High Efficiency Mini-Pleated Filters

Gaseous / Odor Control Products

Carbon Prefilters
Bulk Carbon Trays
Carbon Treated Media
HEGA Filters
Carbon-Filled Honeycomb Filters
Gas-Phase Mini Pleated Filters

Services

Preventive Maintenance / Filter Changeouts
Pressure Drop / Particle Count Filter Analysis
On-Site Inventory / Just In Time Delivery

Manufacturers Represented

**AIR FLOW
TECHNOLOGY**

MENARDI

Purolator
Air Filtration

Automotive / Paint Products

Diffusion Media
Poly Panel Filters
Poly Cube Filters
Overspray Media
Stiff Pocket Prefilters
High Temp Oven Box Filters

Pleated Dust Collector Cartridges

Increased filter area lowers pressure drop /
lengthens product life
Variety of the most durable medias available
Surface loading product provides superior
pulse cleaning
Media can be laminated to PTEE membrane
for maximum efficiency

Liquid and Dust Bag Filters

Widest selection of filter bags anywhere
Manufactured to any size, style, capacity,
and configuration
Availability of periphery products such as
cages and retainers
Ability to cross reference all OEM lines

Pleated Dust Bags

300% more filter media than typical bag
Increased airflow drastically reduces energy
and life cycle costs
Eliminates cage costs and reduces
changeout costs
Alternative to standard bag filters without
any adjustments to holding frames

Applications

General HVAC Applications
Turbine / Power Gen Industry
Government / Educational Buildings
Manufacturing Facilities
Automotive / Paint Industry
Hospitals / Surgical Centers
Airports
